“ My Daddy never met a stranger,my fondest memories from my childhood were Friday's after Daddy got off of work,Mom would take us to Parlier Plumbing and Heating and when the shop closed we got to go in it and get a soda from the machine and a moon pie.. that was a treat to us,ahhh what precious memories.And you couldn't go anywhere with him that he wasn't pointing out houses that he had done heating and air on which seemed like half of Statesville.I am enjoying seeing that he was loved way beyond his Family.Thank you to everyone who has shared or will share a memory of my Beloved Daddy

“ Buddy was a great heat/air person. I worked with him on many transactions in the real estate business. He was always courteous and kind and knew what to do with your problem. I know he is whole again and not suffering. God bless.

“ Buddy Leon Mowbray is one of the greatest men I have ever known. I met him when I was 14 years old. He has always treated me like a daughter more than a daughter in law. Buddy was loved by everyone he has ever met. I do not know 1 person who met Buddy and walked away without a friend because he never met a stranger. He filled out days with many stories and he LOVED Ray Stevens 🎸 Buddy worked harder than anyone I've ever seen and from what I see he never considered it work because he just LOVED LIFE. He LOVED PEOPLE. HE JUST LOVED. I am trying to CELEBRATE YOUR NEW LIFE IN HEAVEN YOU ARE NOW WITH YOU WIFE AND SHIRLEY AND UNCLE ROBERT! I'm so blessed to call you the great and great great grandfather to my kids! I want to thank you for the positive influence you have been to everyone who met you! Buddy Mowbray you will be truly missed!

“ I remember Buddy from South Statesville during the 1950's where he lived with his grandparents. He always had the fasted coaster that we would ride down the hill of Durham avenue and 8th street. He had a little white dog by the name of "Stinky". Last time I remember seeing Buddy was in the 1980's. I was home visiting my Mom and Dad. Danny Horne.

“ I remember Buddy because he and I were close in age ,I was

born in September,1939 and he was borne February 1940.

Buddy did very well for himself considering he had no father

around when he needed one. When I learned about his passing

from Rudy I remarked that I was thinking about him just this

week. I don't know this but I am praying that Buddy had meet

Jesus as his savior at some time in his life.I have to believe he

did.

The last time I saw Buddy was when I built our house in

Statesville ,he helped me finish the HVAC.

Children and Grandchildren of Buddy,may God bless and keep

you as you celebrate the life and memory's of your Father

and Grandfather.
