“ I was Blessed to have such a beautiful and loving Mom. She was always happiest with family and friends. Every time we talked she would talk about the people she cared for and they were always special to her. When there was a lose of one of them it touched her deeply and she would reflect on the joy and fun they were able to share together. Moma never meet a stranger and would always do her best to help when people were in need of anything. She would go to all of her resources to give a hand to them. The other thing is when she asked for everyone would pull through for her and without question. Sometimes I just think that is also a North Carolina thing, people are always willing to help and do so with a smile on their face. I know Momma knows we all love her and will miss her so Deeply! We also know that one day we will all be together again! I love you Momma, always your son...Garry
