“ I just learned this evening through the listing in QST that Cliff had passed. I am deeply saddened by this loss. Cliff and I met on the air about ten years ago, and he mentioned he needed another nomination for the A1-Operator's club membership. We met on CW (morse code) and he proved to be more than worthy. I am honored to have helped bring some much needed recognition to him. Rest easy, Old Man. Save me a place. 73 de Mike, N4PF.

“ A kind man with a heart of gold. He will be missed. A natural leader and I will never forget our conversations on the air and the laughs with friends at hamfests. We lost a great man, but he will live again.

“ *Clifford was my Gabbie buddy. We could talk on n on I sincerely will miss our conversation. We spoke for about 30 minutes a week before. He loved his wife endlessly. And everytime he'd tell how his children were doing. He was so proud of you all, the grand-children were a candle lite in his eyes. He did have the will to live for that reason. He told me his race was nearly run I'm thankful that Gods intervene and took him home.* ”

“ *To Cliff and all that knew and loved him...we never knew that last week when we all spoke with you on 3895Mhz that it would be the last time we'd hear your voice say 73 and it just shocked us all that we will never hear those words again from you. We have shared a LOT of fun times as well as hard/sad memories with you over the years and are already missing you like crazy...one thing we all know for sure is that your pain and struggle is over and that you now sit in the ultimate ham shack in the sky. Keep the airwaves warm for us and maybe even a hint that you are around us from time to time...73 to our Brother...until we meet again...*
