“ *I grew up around the Davis family, as Gene was a farmer working with my family, he worked daily with my uncles Sam, Herbert and my dad Frank, I grew up playing and working the fields with Neil and Clara, we had fun and worked hard, my memories of Gene are of a hard worker and a gentle, quiet man with a great work ethics, when he was not working the farm he could be found fishing with my Dad at the coast or working under the hood of one of those Plymouth cars, and believe me he loved it, Rosa Lee, Neil, Clara, Kathy, and Sherry I know you all loved him and will cherish the memories of him, if you live your life half as good as he did you will live a full joyful life, much love and prayers from our family, I hope we will always be close*

I'm gonna miss Gene. I haven't seen him in years but tried to stay current with how he and Rose were doing. He was a hardworking man and would give you the shirt off his back. He did enjoy tractors and operating them. I've known him and his family since I was a boy. Rest In Peace Gene Davis!!
