“ There are so many memories I could share, but you had a heart of gold and that infectious laugh. I never once in my whole life seen you without you giving a smile. I will always hold you near to my heart because you truly were special to me in a lot of ways. I'm gonna miss not getting to see you again, I think that's what hurts the most. But you continue to live on through your children who also loved you so so much! I loved you and I always will, your baby sister
