“ I met Gordon in 1968 at Ferguson High. We played in my very first band together, the Ship of Fools. We actually played in Guantanamo Cuba together at age 17. Gordon was the first bass player I ever knew. He inspired me to play bass. We remained friends until his passing. Rest in Peace, Gordon (Big Gee) Robeson..

“ I'm just hearing about Gordon's passing. My sincerest condolences to his family and friends. I played a little music with Gordon many years ago in Virginia, and got to see him not too many years ago when I played a show in North Carolina. Very saddened to hear this. Rodney Edmondson
