Tribute Wall

“ After living out of state I came back home to where I grew up. I have spent the past year looking up old friends and school mates that have passed on. Ray and I knew each other since the first grade and lived only about three miles from each other. I remember the old store he grew up in on 115 and all the fun times we had growing up at Central School. I only wished I could have seen him and chatted before he passed. Fond memories
