“ Button you were a ray of joy and sunshine to so many people. You were so special to me you helped me through my dating years until I met my husband. You always knew exactly what to say to make things right! I know I need to turn to God for all these things going on in my life because you witnessed to me and prayed for me. This just doesn't seem real! I will be lost without you! But God had other plans for you. You were my best friend and I love you with all my heart. I'm happy that you are healed and in heaven with Jesus. Fly high my friend, until we meet again.

“ I worked with Button for 25 years, she was always showing me pictures of her family and telling me how much she loved them. I know she loved angels and would talk about collecting them, now she gets to be one and watch over the ones she loved. I will keep her family in my thoughts and prayers.
