“ *"Partners In Crime"*

Learning to know Newland was like learning things about myself. Newland lost Susie in March 2019 and in October the same year I was alone. Newland and I enjoyed the strong support that our families shared with us, we were so much alike. Newland had a furry friend "Stella" and I had "Bella".

It wasn't long befog we began a warm and lasting friendship. Almost daily we would talk on the phone to find out how "Stella & "Bella" were doing, cows, deer, squirrels, racoons, politics, church, family, garden. I would drive to Statesville or he would drive to Salisbury about every weekend.

We then ventured "out" taking long rides throughout North / Western NC. Newland was the copilot and I was the driver. Many times we would travel for hours on rural roads having little or no traffic, us at 10 to 20mph, went to Shatley Springs, flea markets, old stores, and the Treasures' Reunion.

We ended up getting into trouble! Each had a cell phone but we would have no reception and our families would declair an "EMERGENCY" that's what we called it, trying to find us. Hence, we were dubbed "Partners In Crime" by Leanna. I would be totally lost but Newland would always bring us home.

Today Newland is home, I have been blessed with learning so much from him during our special times together. I will be with him someday and we will travel and be "Partners In Crime again. Ed
